

“Thanks to Dr. Chuprun, I’m on **the road to better cardiac health.**”

~ KEVIN NOAKER

[ALWAYS ON THE GO,] driver Kevin Noaker wasn't prepared to deal with a heart condition. But when it was time to seek quality medical care, he was prepared to go the distance. For Kevin, Geneva General Cardiology Associates wasn't the closest practice, but it was the best choice.

Impressed with Geneva's staff, he found their friendly and respectful demeanor made a stressful situation much more comfortable. And Dr. Dmitry Chuprun made Kevin a true partner in his care – ensuring he clearly understood his condition and the appropriate path of treatment.

Today, Kevin notices a significant improvement in his health – with enough energy to keep him rolling along.

RESPECTED AND FRIENDLY. Welcome to Geneva General Cardiology Associates.
